The reel called the hand-brewed pour-over "the best in South Delhi" — quiet upstairs, plugs at every table.

You've saved 3 quiet cafes and rated two of them "really good".

THE TAKE

A crumbling medieval complex with a lake at the bottom and a lane of cafes on top. Come for the ruins at golden hour, stay because the coffee is genuinely good.

KNOWN FOR

the ruins

rooftop cafes

THINGS TO DO

- Walk the deer park before the cafes open — it is empty until about 10.
- Blue Tokai for the pour-over, upstairs, plugs at every table.
- Kunzum if you want a bookshop with the coffee.

Good to know — the main lane floods in monsoon and parking is hopeless after 7pm. Auto to the gate.
